WEDDING

CHAMBERLAIN—VICKERY

A very pretty wedding and one of much local interest was solemnized in Central United Church Calgary, Saturday afternoon at 2:30 when Joseph S. R. (Nicky) Chamberlain younger son of Mr. Thomas L. Chamberlain and the late Mrs. Chamberlain and Miss Gladys Vickery, third daughter of Mr. and Mrs. Vickery were united in marriage, the Rev. W. J. Collett of Chesham officiating.

The church was effectively decorated with a profusion of Astors and gladioli—the most pews being marked by small bouquets of autumn flowers.

Promptly at the appointed hour the wedding procession comprising the two ushers, the bridesmaid, little flower girl and the bride on her father's arm proceeded up the aisle taking their place at the altar where the groom and best man were waiting. The bride wore a very lovely floor length gown of imported Swiss embroidery in white, double puff sleeves, finger tip veil caught with white Shasta Daisies, white gloves and carried a lovely bouquet of white Gladioli and Shasta Daisies.

The bridesmaid Miss Toschak of Edmonton and Drummehrer were a very pretty floor length gown of blue triple sheer, and carried a bouquet of pink roses and pink gladioli fashioned in fan shape. The flower girl Judith Ann Vickery, niece of the bride wore a quaint dress of flowered silk and carried a colonial bouquet of autumn flowers.

The groom was supported by his brother Mr. Thos. S. Chamberlain.

Mrs. Phyllis Chapman Clark, the church organist rendered appropriate music in a delightful manner throughout. Mr. Choppen who was to have sung unfortunately contracted a cold the day previous.

The ushers were Mr. Harvey Vickery of Taber, brother of the bride and Mr. "Bud" Love of Edmonton.

Mrs. Vickery mother of the bride chose for her daughter's wedding a very becoming gown of blue broadened sheer, small hat with blue trimming and wore a corsage of American Beauty Roses.

Mrs. Tommy Chamberlain wore a smart dress of blue wool with steel trimming, small black hat and a corsage of Sweet heart roses.

Miss Audrey Innis caught the bride's bouquet.

Following the church ceremony the wedding party and guests repaired to the Palliser East Dining Room where the reception was held and felicitations extended by their many friends.

The bride's table attractively decorated in white was centred with a three tier wedding cake flanked by cathedral tapers and large bouquets of white asters.

The guests were seated at quartet tables where delicious refreshments were served.

The toast to the bride was very happily proposed by Rev. Collett and brightly responded to by the groom.

Following a happy social hour the young couple left by motor for Banff where the honeymoon will be spent, the bride wearing a smart green blouse, black velvet skirt and black top coat.

The Chamberlains are a pioneer family in Strathmore where Nick attended school graduating from Grade 12 later attending the University of Alberta and many friends will extend all good wishes for a happy and prosperous life together.

Sympathy is like blonde hair—a lot of it isn't the real thing.

Organize Young People's Group

Plans were laid on Sunday evening to organize a young peoples group in town and the organization meeting will be held on Thursday evening. Intentions are to hold a get-together of the young people over a campfire and roasting corn-on-the-cob, when scope of the group and such details will be discussed.

Indications are that the group will be held to young people of 16 years and over. It is hoped to have the group interdenominational. No program has been definitely discussed as yet, but it is likely that a program in broad outline will be suggested on Thursday evening in order to give the group some concrete suggestions from which to start working.

The Death of Mrs. Wm. Rhodes

Service for Mrs. William (Hattie) Rhodes, 46, of Ste. 12, Seven Oaks Court, who died Sunday night in a Calgary hospital following a brief illness, was held in Jacobs' chapel Wednesday at 2:45 p.m. Rev. T. E. Martin officiated and interment followed in Union cemetery.

Mrs. Rhodes was born in Zurich, Switzerland, and came with her parents to Stettin in 1902. In 1916 she moved to Calgary.

She is survived by her husband, William; a daughter Doris; son, Harold; a grandson, all of Calgary; her mother, Mrs. Lena Effenberger, Shepard; a sister, Mrs. George Scott, Calgary, and a brother, Charles Effenberger, Bragg Creek. Her father Carl Effenberger predeceased her in Shepard in December 1943.

LIONS CLUB MEETING

The first meeting for the Strathmore Lions for the fall was held on Thursday last in the Memorial Hall, and with a very small attendance owing to the poor weather and very poor roads.

Secretary Bill Springthorpe was presented with a Master Key in recognition of his work in building Lions by Past President George Palardy, who spoke warmly of Bill's unflinching efforts and strong support of anything which might come along in the way of Lionsism. A hearty round of applause followed, and then Mr. Springthorpe thanked the club for their good wishes and mentioned his appreciation of being able to do the work.

A report from the Swimming Pool committee on the proposed aquatic sports indicated that the elements were all opposed to the day as suggested, and that plans were now being laid to hold one early in the next season.

Suggestions were made that owing to the impossibility of holding a picnic this year, a family night be held instead, when families would gather at the hall, complete with basket lunch. This will be again discussed at a later date.

The Scott Pot was drawn for Bill Pawkes, who was not present.

An excellent film, entitled "Old Glory" was shown by Messrs. J. Crellin and R. J. Milligan, and depicted in unusually excellent form the team work and the work which went to the waging of the last war, by all of the allied forces.

Canadian Legion Meeting

The regular meeting of the Canadian Legion was held on Tuesday night preceded by a short wedding bee in the grounds. The grounds were fairly well cleaned up, but the work had to be stopped because of darkness.

John Morrison who was so severely burned some months ago, and has been convalescing since, was welcomed back to the meeting and spoke of his appreciation of the help given him by the Legion.

The financial statement for the month of August was read and showed a very favourable month.

A report on the response to the questionnaire dealing with formation of a Ladies Auxiliary was given by the secretary. The idea has been welcomed by a few of the ladies, but the vast majority have so far failed to indicate their wishes at all.

A committee to meet with a joint committee of the Town Legion, Masons and Anglican Church was appointed, the members being Messrs. R. Ferguson, D. Kernack, and A. Scott.

The committee in charge of the building were authorized to purchase material necessary for repair of the fence. The fence has been in bad shape for some time, and it was voted earlier in the year to repair it when material becomes available.

Entertainment committee for the next meeting will be Messrs. F. Biser, S. Slater, and D. Brooks.

A report of the meeting of the Citizens' Committee which was held recently in Calgary was given by Rowe Martin and S. H. Crowther, in which they suggested that Strathmore lacks a representative Citizens' Committee on rehabilitation of veterans. The only unit existing now is one of the Legion. Motion was made that the Town and the Municipality be invited to appoint members towards a joint committee which would truly represent the citizens of this area. In this way, it is hoped that the problem of rehabilitating veterans will be dealt with more effectively.

Following the business meeting, the members, under a committee consist-

Boy Scouts Reorganize COMING EVENTS

On Friday evening of last week a meeting of the Group Committee of the Strathmore Boy Scout troop was held and plans for the coming year were discussed. All indications point to a very successful year ahead.

Plans to raise funds resulted in a suggestion of holding an Apple Day in town during October, in conjunction with Apple Days all across the country. It is hoped to raise a fairly large sum in this way in order to help along the troop finances.

Camp was one of the items discussed and the group has every intention of holding a camp next summer if it is at all possible. In the meantime plans are to have the meetings and other activities out doors as much as possible.

On Monday night the first meeting of the Court of Honour was held and members of the troop discussed plans for the troop activities. In addition to laying stress on the securing of Tenderloft and Second Class badges, it was decided that a great deal of emphasis should be placed on First Aid for this year.

The first meeting of the full troop will be held next Monday night at the United Church at 7:15 p.m. All past members of the Troop and boys of 12 present.

ing of Jack Coldwell, Orrin Waldum, and Andy Scott, played a series of games of bingo.

WHEATLAND S. D.

NO. 40

A meeting of the Board of Trustees of the Wheatland School Division No. 40 was held at the office in Strathmore on Thursday, August 29th, 1946. At that time 7 schools in the Division were still without teachers. Since then the services of Miss Kathleen Harriman of Nightingale have been secured for Akenastad school, and of Mrs. Bernice Pomroy of Gleichen for Namaka Farm School. Arrangements have been made for most of the children of the other districts without teachers to attend adjoining schools.

Berta Vale school was closed this year and the pupils are being transported to Strathmore by bus owned and operated by Mr. E. Godfrey. Delft school in the Acme district was also closed this year.

Owing to the heavy enrollment at Strathmore it was found necessary to make arrangements to move in another school building for an additional temporary classroom until such time as material become available for the new permanent building which is hoped will not be later than next summer.

A new well has been drilled to supply water for the Kathryn Dormitory and the drilling of a new well has been authorized for the Carseland High School.

Ten new sewing machines have been purchased for use on the two Home Economics circuits in the Division and a quantity of drill presses and power grinders for the shop circuits. Further shop equipment, drafting sets, etc., are on order.

Teachers Institute meetings are being held in each sub-division this week. The one at Strathmore is being held on Thursday September 12th. All the teachers in the Division meet on these occasions to discuss school problems with the Superintendent and members of the Board.

Regular Clinics for Infant and Pre-School Children are held by the Wheatland Health District from 2:00 to 4:00 p.m.

Strathmore, the second and fourth Tuesday in each month, and Carseland, the second Friday in each month. Standard, the third Thursday in each month, Rockyford the third Friday in each month.

Office hours are from 9-12 a.m. each Saturday.

Come and enjoy the mid month regular dance of Cluny Board of Trade, Community Hall September 13th. Harold Anderson's orchestra. Tickets 50c. Supper 25c.

Refreshment Booth under auspices of the Home and School Association, Saturday, September 14th, on Main Street open from 7 to 12 p.m. Hamburgers—Hot Dogs, coffee and Sundae will be served. Proceeds in aid of Scholarship Fund.

The regular Baby and Pre-School Clinic will be held in the school dormitory in Cluny, September 20th, from 2:00 p.m. to 4:00 p.m. Miss M. Davis, Brooks District Nurse in charge.

Sacred Heart Parish Annual Tombola will be held on Wednesday, October 23rd in the Memorial Hall. Keep

THE OUT-SIDE

SAVE THE SOIL COMPETITION

Some 31 farmers in the Eccville district participated in a "save the soil competition" sponsored by the Eccville board of trade. Donald McDonald 22 years old who farms a quarter section north and east of Eccville, was declared winner. Judging was done on the following basis: freedom from weeds 35 points, soil erosion prevention 35 points, condition of summerfallow 10 points, and 5 each to grain yields, freedom from crop disease suitable crop rotation, and general neatness around the home, garden, fences, etc.

WHITBREAD AGRICULTURIST LEAVES CALGARY

B. J. Whitbread, district agriculturist in Calgary for seven and a half years, and well known to many farmers in this area, is leaving Calgary shortly on his appointment to a similar position in Edmonton, where he succeeds S. H. Newcombe. Until a successor for the Calgary area is appointed, Mr. Whitbread will carry the work in both areas.

Ration Books Flow Out

The majority of ration books for this area had been issued by Wednesday according to officials at the issuing office in Strathmore. Over a thousand of the books had gone out in the first two and a half days, and it was expected that there would only be between twelve and thirteen hundred books to issue all told.

This issuing is going very smoothly according to a statement made at the ration book issuing office, which is located in the district agriculturist's office.

No green card for application for another book has been placed in this ration book, as officials explain at Ottawa that it is expected that this is the last book which it will be necessary to issue the public. Many consumers and particularly housewives throughout the country will fervently hope that this is so.

Are Our Faces Red!

The typographical error ran wild again in this week's issue, and not until the first run of the paper was all run off was it discovered. We hope the Ladies of the Carseland United Church will not feel that the unfortunate error has any intended implications. We're still blushing!

this date open for one of the biggest events of the year, and come and enjoy a good evening for the entire family.

AS I SEE IT

by W. E. SIEBER

A NEW VOICE AT PEACE CONFERENCE

By Rev. Walter E. Sieber

A meeting held in Cambridge, England, in August, though it received scarcely any notice from the Newspapers and Commentators might easily outrank other important gatherings in its influence upon the future peace of the world.

Leaders from 15 different countries representing Protestant and Eastern Orthodox Communions met under the auspices of the World Council of Churches to explore the moral and spiritual problems involved in a just and durable peace.

After full and free discussions and much careful deliberation a Commission of thirty people was appointed to bring the Christian Churches' influence to bear upon the Peace Conference.

Whether this commission will seek the full co-operation of the Roman Catholic Church is not yet clear. It is feared that some groups, such as the Orthodox Church could not well accept the Vatican's policy of a "holy war" against Soviet Russia. But on the principles and policies that should govern the peace treaties all communions were agreed, and in harmony, with the Pope's other announcements.

Several such gatherings have taken place in the past few years, all held in the U.S.A. under the auspices of the Federal Council of Churches of Christ in America. The most notable one

was that held in Delaware which produced a Charter as a Basis for a Just and Lasting Peace, outlining the moral Christian principles upon which such a peace should be based.

The leading spirit in those meetings was a layman, John Foster Dulles, who is "persona grata" in the Department of the Secretary of State in Washington and is one of the best informed men on international affairs and policies.

This new Commission of thirty outstanding leaders should create a better atmosphere at the peace table. The Orthodox Church is a powerful and influential institution in countries like Russia, and those that have recently come under her influence. We almost dare to hope that their influence might be felt in curbing Russia's frantic grab for more power in Europe. Much will depend on whether Russia will try, or how far the Kremlin is able to control the churches in Russia and her satellite states.

Whether or not State Secretary Byrnes was in any way helped, or influenced by the action of the Cambridge meeting would be impossible to say. But it should be noted that his recent speech at Stuttgart, Germany, followed much more closely the line of thought of these church leaders in the matter of peace than the barbaric Morgenthau plan underlying the Potsdam agreement which envisioned Germany reduced to a slave nation.

Mr. Byrnes declaration that the eastern boundary of Germany was not irrevocably fixed at the Oder River brought forth violent blasts of criticism from communist-controlled Poland. It was, in effect, a direct challenge to Russia in her march west-

CLUNY

By Mrs. B. F. G.

Plans have been made to launch Fairbairn's 36 ft. boat 1½ miles west of Mito, on Lake McGregor at 2:00 p.m. Saturday, September 21st, weather permitting. A launching ceremony will be held. Everyone welcome.

Mrs. B. F. Graham left last Tuesday for a six weeks visit to the United States.

Visitors to Cluny for several days last week included Mr. and Mrs. L. Imman, Mr. and Mrs. D. Duncan and Mr. and Mrs. T. Clarke. Mr. and Mrs. Clarke (nee Peggy Somerville) will leave shortly for Edmonton where they will in future reside.

Mr. and Mrs. Alvin Halverson have been visiting Mrs. Halverson's sister, Mrs. R. J. Goldsmith.

School reopened with a full slate of teachers, Mr. Betton, Principle, Mr. S. Kennedy and Mr. Tenove, high school teachers with Miss Irene Capell teaching grades 7 & 8 and 9. Mrs. M. Winters 4, 5 and 6; Miss Alice Wheeler 1, 2 and 4.

Miss Thompson of Calgary has resumed her piano classes and in future will come to Cluny Monday afternoon on the bus, staying Tuesday and leaving on Wednesday's bus for Bassano.

Mrs. R. Wheeler our barber, will only be open for business on Thursday, Friday and Saturday afternoons, from one to six and on Saturday evenings till 9 p.m.

ward in Europe, and as such it may widen the chasm between the Eastern Communist Controlled Countries and the Western Democracies.

France, too, is angered because she sees her hope of annexing the richest industrial section of Germany fading into the background. Whether this is likely to cause France to gravitate further into the orbit of Russia's influence and result in an agreement with Russian controlled nations of mutual support at the Peace table for their separate ambitions in truncating Germany, cannot immediately be known.

To take from Germany her bread basket, the eastern agricultural district for the benefit of Russian satellites, and the western industrial section for France would destroy Germany as a nation. Mr. Byrnes knows that such a situation would utterly destroy the stability of Europe and that in such a condition of chaotic unrest Russia could push her advances over nearly if not the whole, of Europe.

Russian Communism would have everything to gain from such a condition of chaos in Europe and the cause of real democracy would be lost on the continent for generations to come.

In reality it would mean the Western Democracies which supplied the shrews and tools of war, and won the war, would have lost the peace even before a peace treaty had been signed. The thirty men commission might be able to help prevent such a disastrous situation from arising.

Growers Can Improve Methods

Need for an educational program in methods of barley production is stressed by agriculture departments of the western provinces as a result of observations in this year's National barley Contest.

The contest, they say, has unquestionably stimulated interest in production of quality barley and in improved

cultural practices. At the same time, correspondence early in the season with intending competitors showed there were many barley growers not yet aware of the essentials for maturing barley as compared with ordinary or feed barley.

Another observation by those who have been closely appraising effects of the contest is that approved cultural practices are foreign to many

HIRTLE'S

LANGDON

By G. E. W.

The regular meeting of the W. L. had to be cancelled last week owing to the bad roads, caused by the recent rains. With the roads drying fast now we hope the W. L. will meet this Wednesday at 2:30 p.m. in the hall.

Mrs. J. J. Coldwell's father, Mr. Garrett passed away in Saskatoon in his 92nd year. He leaves to mourn his loss his wife, 5 daughters and 4 sons. Mrs. Coldwell has been visiting her parents for the last six weeks. The district extend to her their deepest sympathy in her recent loss.

Mr. and Mrs. Arnold Fraser and son Garry, also Mr. Murray (Mrs. Fraser's father) left the beginning of last week for their new home at Paykan where Arnold is elevator agent for the A. P.

Lavangha Crull of Darlington, Indiana visited with Mr. and Mrs. Fred Dain last week, also called on old friends in and around Langdon on Sunday. They visited in Calgary the guests of Mr. and Mrs. Frank Dain. They were accompanied by Mr. Fred Dain's mother, Mrs. Sally Dain.

RURAL GLEICHEN

Mr. J. Brown came last week end to see his wife and infant son who have been with her mother Mrs. Edna McArthur.

Last Wednesday afternoon Mrs. W. S. Schmidt was hostess to a large group of ladies at a tea and shower for Mrs. M. Murray Jr., who recently arrived from overseas. She received many beautiful and useful gifts. A very delicious lunch was served.

Mrs. F. Sammons received word from her mother and Mrs. J. W. Hutchison that her sister Miss Page passed away last week. Mr. and Mrs. Hutchison will remain in Illinois visiting for some time.

Georgina McMann will attend school at Rockyford this year.

Harvesting operations have been held up owing to the rain, but with a few more days of sunshine, things will be buzzing again.

Turn pennies into dollars. Sell what you don't need through a Want-Ad.

FARMER'S COLUMN—

By R. J. M.

Now that harvesting has come in full force, what about "Fire Hazards"? The following are suggestions meant to be helpful:

(1) Do not throw cigarette stubs or matches from cars or trucks, unless you are "Sure it is out." Break your matches to be sure.

(2) Carry a five gallon spray pump tank full of water at all times on your combine. This is good fire insurance.

(3) Use a whisk broom to clean off bearings.

(4) Make sure all exhausts are kept clear of straw and accumulated chaff.

(5) Watch your combine and tractor for fire that might occur 15 to 20 minutes after being shut down; chaff on heated bearings cause fire.

(6) Handle gasoline and distillate with extreme care.

(7) If fire occurs summon help—don't lose your head. You may save a life if you keep a cool head.

(8) If summoned to fight fire take time to collect some fire fighting equipment, wet sacks, water cans, fire extinguishers etc.

(9) In addition to the above be careful. I know everyone rushes around at harvest time but that doesn't mean you have to be careless. See that the power-take-off is covered. Be careful how you replace belts. Not only do you get hurt by carelessness but who is to take your place at a busy time like harvest.

It is raining today. What about these thistle patches? It isn't the Field Supervisor's job to tell you to make efficient use of your time. Fall cultivation by ploughing the thistle patches helps to effect control. After the seed is formed the plant growth that occurs strengthens the plant roots for next spring. Foretell that growth or strengthening process by a thorough fall cultivation. When one drives along our roads and sees these patches of thistle in the ripe grain fields we think that that particular farmer is careless. He not only loses yield on his own farm but also infests his neighbors. How about being neighborly and cutting these thistles then burn when dry?

Fall rye is a good crop to grow to control perennial and annual weeds. Even Fall Wheat helps in this control. Much of the eradication is done in the preparation of the land to receive the Fall grain seed.

CHRISTIAN SCIENCE

"Substance" will be the theme of the Lesson-Sermon in Christian Science churches on Sunday. It is drawn from passages like these: "So Jesus had compassion on them, and touched their eyes; and immediately their eyes received sight, and they followed him" (Matthew 20:34). "Jesus established in the Christian era the precedent for all Christianity, theology, and healing." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 133).

CHIEF SCOUT STARTS TOUR

Lord Rowallan, Chief Scout of the British Empire and Commonwealth, who is now in Canada, will start his Dominion-wide tour on September 3rd, at Ottawa, journeying from coast to coast, and including a short visit to the national headquarters of the Boy Scouts of America in New York City. Lord Rowallan is accompanied by A. W. Hurl, General Secretary of the Boy Scouts Association in Great Britain.

ARMY SHOW COMEDIANS

WAYNE AND SHUSTER STAR IN NEW YORK PROGRAM

The stars of "The Wayne and Shuster Show" have had a remarkably successful career in the entertainment field. Working as a show team since they were 14 years old, they wrote, directed and acted in the Variety follies for three years while students at the University of Toronto. Next came

radio network shows, in which their rise was rapid. War found Wayne and Shuster both in the army and as stars of the Army Show they toured England, Occupied Europe and Canada. Since their release from the Army, Wayne and Shuster have been writing the CBC "Johnny Home" shows, a series of programs dealing with veterans rehabilitation, for which they won the Heaver Award for comedy writing.

WHAT CAN THEY DO?

"Where else can we go?" asked a local youngster not many days ago when he was taken to task over the locale of some of his activities in the hours after supper.

His family was not altogether happy about the place or the companions, but the boy's simple and logical question was a hard one to find an answer for.

Where else in Strathmore can they go? What else can they do? In there any place to which parents can have their children go and not feel anxious or worried about the type of activity in which they will engage? Are any of their parents interested in the matter?

Judging by the interest we have

heard on various occasions we would say "yes" to the last question. But to all the rest, we're quite doubtful.

Re formation of the Boy Scouts will be hailed by many parents and others, and we think that it should prove a very worthwhile activity.

But this applies to only one section of the growing group.... what of all the other sections? Well, there is Cadets, there is C.G.T. and Explorers, and in the offing a young people's society. But how many of these will provide a leisure time for more than one night a week? And what of the other nights?

This lad has a real challenge for his seniors.... "Where else can we go?"

Canada's Schools Are Again Open

From Victoria to Halifax thousands of schools of varying grades have opened their doors and commenced another year in which study, discipline, knowledge acquired and character developed will form the fundamental thought in the general plan of the conscientious teacher.

Character building is an unconscious development, and begins in the home, which plays the largest part.

The world is in such a state of confused thinking today that it is more, much more difficult for the maturing boy or girl to form a solid mental foundation on which to build.

The following editorial from the Red Deer Advocate is worthy your consideration.

Easy Education

Education to be of value must be worked for and today a number of men and women who are deeply interested in that vital subject are somewhat fearful of what is being done in its name. That uneasiness is not confined to Canada, but can be found in the United States and Great Britain. Dr. R. C. Wallace, Principal of Queen's University, Kingston, and former President of the University of Alberta, told the Canadian Education Association in Edmonton last week something of the causes such fears. He pointed out that we were receiving a great measure of education through radio and film "both of them stimulating and even exciting, but evanescent," he said, "it is easy education. It does not stretch the mind. Without disciplinary safeguards and counterpoise, education may become flabby and shallow. We must be on our guard," he continued. Those of us who lived in Alberta during the years Dr. Wallace headed our University know that he speaks from both experience and sound knowledge. There is a growing feeling that the educational standards in this province, and in some others, are too low; that too much emphasis is being placed on the development of scholastic skills and not enough development of mental fibre.

Predigested ideas may be satisfactory as a diet for a people who will never have much need to use their own brains for thinking, but something more is needed to meet the problems facing Canada and the world today. This post-war world, including Canada, is faced with some of the most difficult decisions possible. Out

of the ruins and misery spread over Europe and Asia by the doctrines of Hitler, the nations have got to construct a workable world and a world at peace. It is a tall order. It will take the clearest possible thinking on the part of the national leaders and of the common people behind them to bring it about, and in that thinking, education must play an important part. A mind cannot be used before it has had some training.

Another idea which is far too prevalent and which sound education could do much to eliminate is the doctrine of the second-class human being. According to this doctrine, which was favored in the past by one Adolf Hitler, and is practiced in the present by Senator Bilbo, Gov. Talmadge and many others in the United States, and by large numbers of people in Canada and most other countries, there are certain kinds of people who are first-class human beings and certain others who are second-class human beings. These alleged second-class human beings may be negroes or Jews or Japanese, but is assumed by the self-designated first-class human beings that they, the number two people, are automatically their inferiors. Such an assumption is not only wholly without foundation, but is a corrosive evil which eats away the moral fibre of individuals or nations which tolerate it. It is not sufficiently realized that the greatest danger of anti-Semitism and similar delusions is to those who believe in them rather than to the objects of their dislike. These things destroy the hearts of individuals and peoples.

Canada needs strong men and women. Her best source is the boys and girls now going through her schools. They need guidance and direction, and they look to education to give it. Canadians would do well to see that they get it. This education dare not be shabby and shallow; it must reach down to the fundamentals and give our young people a proper pride in the great destiny of the human race and a proper humility in the face of the great responsibilities which they will soon share with their fellow Canadians. Anything short of that is not worthy of the young men and women of this country or of their elder brothers who gave their lives that this nation and the world might go forward toward the light.

HUSSAR

By Mrs. M. C. B.

On Wednesday afternoon, a surprise party was held for Sonia Nielsen, and her son Michael. They are planning to move to Calgary soon. The house was crowded to capacity with her many friends who had come to wish her well in this move. The committee consisting of Mesdames T. Burdett, P. Pringle and B. Dundas, assisted by Mesdames Hadley and English, had arranged for a shower of canned fruit from all as a token of their good will. There was a very pleasant talk by Mrs. Burdett, a war bride of World War I, expressing the friendship and good will of all those present. A delicious lunch was served. There were readings by Mrs. Ben Snyder and Mrs. E. J. Bell. A recipe book was filled and presented to Mrs. Nielsen.

The Clinic will be held in the kitchen on the afternoon of September 19th and the third Thursday of each month under the auspices of nurse Davis. The attendance was very good on August 26th, almost more than could be attended to in one afternoon. This is for the young children.

The Hussar Ladies Aid will have its first meeting since the holidays at the home of Mrs. Andy Brown; it is hoped that there will be a good attendance. Remember the afternoon of September 12th at the home of Mrs. Andy Brown.

DALEMEAD

D. V. V.

Mrs. W. Miller, daughter Ethel, son Merrill and Miss Ruth Hawkins returned from a week's vacation at Banff.

Mr. and Mrs. A. Reed, and Mr. and Mrs. R. McCann of Spirit Lake, Iowa were visiting with the former's Aunt and cousin Mrs. H. Portney for several days before going to Banff and then to the State of Utah to visit friends prior to returning home to Iowa.

The U.F.W.A. meeting was postponed on account of the rain and bad roads.

We are sorry to report that Miss Jensen, primary teacher left for Calgary after being here only a few days. Another teacher has been engaged to teach this term and will start the school this Tuesday.

Master Merrill Miller is attending Colonel Walker school in Calgary. Merrill was home over the week end.

Mr. Lorne Friesz and Chum of Keyteville Mo. left for Mo. to attend school after several months here with his father and Bro. Alfred and family.

Relatives from Chicago were here visiting Mr. and Mrs. R. A. Newton. They were unable to continue the trip until they received tires for their car from the States. We know how they feel about our roads. Our Government should at least see that we have decent roads for our tourists. Taxes are still going up. What for? Your guess is as good as mine.

Miss Ruth Hawkins is visiting over the week end with the Miller family.

The Junior U.F.A. held their meeting in the Dalemead Hall last Saturday eve. Twenty members were present. They have decided to put on a play this winter. They have a membership of forty one. Juniors talked over the strike situation in this part of the country and most are in favor of supporting the farmers cause. The next meeting will be the first Saturday eve in October. Good luck to you and your organization.

Mr. and Mrs. G. Bond of Bozeman, Montana are here looking after their share of crop. Mrs. Bond is in Calgary at the present and Mr. Bond is staying with Mr. and Mrs. Walker of

Rescue Wheat Is Available This Fall

Sawfly resistant wheat for the farmers of Southern Alberta is now available. The new variety "Rescue", developed at the Swift Current Experimental Station, was grown this year on 21 farms in Southern Alberta and there is a fair amount for general distribution this fall.

Rescue wheat is recommended only for those districts where sawfly has become a problem. It is not desirable in districts where heavy growth is usual as it has a tendency to lodge. In our tests it has yielded almost as much as Thatcher and more than Marquis and is satisfactory as a combine wheat. However, the results of baking tests will not permit a higher grade than No. 3 Northern. This is a serious defect of the variety but owing to the fact that it is sawfly resistant the demand for it is great.

The distribution of Rescue wheat in Southern Alberta is being directed by the Experimental Station, Lethbridge. The salient features of the distribution policy are as follows:

1. Ten bushels of Rescue wheat will be sold to each bona fide farmer applicant for his own use, at \$2.00 per bushel plus the cost of sacks and transportation charges.

2. Applications should be sent to the nearest grower or the Dominion Experimental Station, Lethbridge. Applications will be filled in the order received. The only information required is the applicant's name, post-office address, nearest railway station and land location. Growers ask that delivery be taken at the farm if possible.

Applicants will receive notice when the seed is available and from which grower they are to take delivery. Payment will be made direct to the grower indicated in the notice. Payment must not be sent to the Lethbridge Experimental Station.

Under The Street Lamp

by PAT O'HOOLEY

Anson Chase is the most painstaking gardener we have heard of. Troubled by the neighbors' chickens forever scratching up his seeds, Anson took a few kernels of corn, drilled a small hole through each, passed a string through each hole, attached a printed card to each string and spread the kernels enticingly around his garden.

Next day Anson's neighbor was amazed to find all his chickens with little notes hanging by strings from their beaks. The notes said: "I have been a bad bird. Please keep me home before I get killed."

HOUGH TOUGH!

The wind was rough
And cold and blough.
She kept her hands within her mough,
It chilled her through,
Her nose grew blough,
And still the squall the faster flough.
And yet, although
There was no snough
The weather was a cruel fough.

The man who gives in when he is wrong, says Louie McKinnon, is wise, and Benny rejoins that the man who gives in when he is right is married.

"On Anxiety Street there are plenty of neighbours."

"It's mighty decent of you, Harry, to take young Bill to school while I'm on my back," said Don.

"Yes, it's a real neighbourly act," his wife added

"Think nothing of it," said Harry. "They say, you know, that on Anxiety Street there are plenty of neighbours. Certainly I've learned a lot about being neighbourly from the business I'm in."

Harry's business . . . the life insurance business . . . is founded on that very thing. It comes to the aid of anxious people in time of trouble or bereavement. Four million people have found that the surest way to peace of mind for themselves and their loved ones is to pool their savings and share in the benefits of a fund which pays out more than half a million dollars every working day to policyholders and beneficiaries

Life insurance was designed to provide protection for the people through the people's thrift. During the war years its payments to policyholders and beneficiaries in Canada amounted to over One Billion Dollars. Thirty Million Dollars of these payments went to beneficiaries of those who had died on Active Service overseas

Near you is a life insurance agent. Ask him for advice in planning your future. It is good citizenship to own life insurance

A message from the Life Insurance Companies in Canada and their agents.

NAMAKA NOTES

Mr. and Mrs. Chester Edwards of Majorville were guests of Mrs. Watts on Wednesday.

Mrs. Pomroy of Stobart has been appointed school teacher at Namaka Farm School.

Mr. and Mrs. W. H. Baker returned home after two weeks visiting with relatives in Calgary.

Remember the "Welcome Home Party" to be held on Friday September 20th in the hall in honor of the returned boys.

Miss Lydia Little left on Sunday to attend school at the Kathryn Dormitory.

Miss Annette Orburn is teaching at the 2 Bar School.

Mr. and Mrs. Ira Rhodes of Brant spent the week end at the home of Mr. and Mrs. E. Wagler.

Miss Lily Mae Orburn is recovering satisfactorily from an appendix operation.

Miss Edie and Miss Elizabeth Bording are attending high school at Mount Royal this term.

On Wednesday Mr. Roy Rasmussen left for Toronto where he will resume his dental course at the University of Toronto.

Miss Lois Rasmussen has left for Canmore where she will attend the Lutheran College.

Miss Elaine Nelsen spent the week end at the home of Mr. and Mrs. Svend Jensen.

Mr. and Mrs. N. P. Nelsen spent the week end visiting with Mr. and Mrs. M. M. Jensen.

Miss Alma Nelsen spent the week end at the home of Mr. and Mrs. Alex Christensen.

Miss Benita McGowan entertained a number of young folks at a birthday party at her home in honor of Miss Martha Jensen.

The Young Peoples Society led the morning services last Sunday. Mr. Simon Jensen was the announcer. Mr. Howard Rasmussen read the Sermon. Miss Gwen Knowlton read a poem and Mr. Stanley Rasmussen led the singing, all of which was very much appreciated by the congregation.

The Young Peoples Society met last Sunday evening at the home of Mr. and Mrs. John Rasmussen.

The United Ladies Aid will meet on Friday September 13th, at the home of Mrs. A. C. Lind.

STANDARD

(By Mrs. R. G.)

Thursday afternoon a shower was held at the home of Mrs. Chris Andersen for Mrs. Orle Christensen, the former Miss Shirley Cameron of Aldrie. The rooms were decorated with pink and white streamers for the occasion and a short program was enjoyed. After a delicious lunch served by the hostess, Diana and Marion Fraser presented the bride with many useful and pretty gifts drawn in a gaily decorated wazon. Mrs. Christensen thanked all her friends in a becoming manner.

Mr. and Mrs. Cecil Elkins of Calgary were dinner guests Friday evening of Mr. and Mrs. J. E. McAdam.

Mr. and Mrs. Roy Southerland (nee Ruth Elkins), Betty McAdam and Mr. Ernest Elkins were visitors in Banff over the long week end.

The school term began this week with Mr. Norman Bragg as Principal. Mr. Harriman as assistant high school teacher and Miss E. Dodds as primary teacher.

The many days of rain last week will delay harvest operations for quite some time.

Mr. Keith Miller spent the week end at Standard with his wife and family.

Friends of Miss Elaine Nelsen youngest daughter of Mr. and Mrs. N. P. Nelsen gathered at the K.P. Hall Saturday afternoon to honor her with a shower. The tables were decorated with blue and yellow streamers and bouquets of fall flowers. A short program was followed by a very delicious lunch served by the committee in charge. The bride was then presented with many lovely gifts for which she thanked all those present and invited them to visit her in her new home.

Miss Phoebe Watson who has returned from her vacation at Cleveland, Ohio is teaching the primary room at Rosemary.

Miss Annette Orburn is teaching at the 2 Bar School.

Mr. and Mrs. Ira Rhodes of Brant spent the week end at the home of Mr. and Mrs. E. Wagler.

Miss Lily Mae Orburn is recovering satisfactorily from an appendix operation.

Miss Edie and Miss Elizabeth Bording are attending high school at Mount Royal this term.

On Wednesday Mr. Roy Rasmussen left for Toronto where he will resume his dental course at the University of Toronto.

Miss Lois Rasmussen has left for Canmore where she will attend the Lutheran College.

Miss Elaine Nelsen spent the week end at the home of Mr. and Mrs. Svend Jensen.

Mr. and Mrs. N. P. Nelsen spent the week end visiting with Mr. and Mrs. M. M. Jensen.

Miss Alma Nelsen spent the week end at the home of Mr. and Mrs. Alex Christensen.

Miss Benita McGowan entertained a number of young folks at a birthday party at her home in honor of Miss Martha Jensen.

The Young Peoples Society led the morning services last Sunday. Mr. Simon Jensen was the announcer. Mr. Howard Rasmussen read the Sermon. Miss Gwen Knowlton read a poem and Mr. Stanley Rasmussen led the singing, all of which was very much appreciated by the congregation.

The Young Peoples Society met last Sunday evening at the home of Mr. and Mrs. John Rasmussen.

The United Ladies Aid will meet on Friday September 13th, at the home of Mrs. A. C. Lind.

ADVANCE IN APRICOTS

(Experimental Farms News)

The apricot is a comparative newcomer to the Canadian prairies. Although the search for hardy, adaptable apricot has been mainly within the last 20 years, substantial progress has been achieved in that short time. Three prairie stations have had a part in this development; the North Dakota Agricultural College, Fargo; the University of South Dakota, Brookings, South Dakota; and the Dominion Experimental Station, Morden, Man. Recently the Provincial Horticultural Stations at Brooks and Strathmore, Alberta have made a number of selections.

Two species have been used principally to secure the necessary hardiness for Western conditions. Results so far indicate that the Manchurian is most likely to give the combination of hardiness and quality desired.

CARSELAND

By E. B.

George Trent of the R.C.N. spent a forty-eight hour leave with his parents last week, before completing his trip to Halifax, where he is being transferred to H.M.C.S. Warrior.

Among the local population taking up residence in Calgary to attend high school are Kathleen McKinnon, Shirley Lintick, Jimmy Mutch and Bill Taylor.

Mr. W. Kinch of Port Coquitlan, B.C. is visiting with his sister, Mrs. H. Bonitz.

Mr. Elmer Mertz of Lodi, California spent a few days with his uncle Mr. E. Kruegar.

Miss Jean Beaver spent the week end with her aunt Mrs. E. Taylor.

The next meeting of the Ladies Aid of Carseland United Church will be held at the parsonage on Wednesday September 19th.

Mrs. H. Bonitz has as her guest her

cousin, Mrs. M. Tarbalester who is en route to her home in Vancouver, B.C. after spending the summer in Ontario.

We are sorry to hear that Mr. Robert Siddman is suffering from a fractured ankle.

Cyril Way is recuperating in the Holy Cross Hospital after a recent appendix operation.

Miss Gwen Hunt was home from Calgary for the week end.

Miss Dawna Cote spent a week with her sister and brother-in-law Fairy and Francis Aitkens of Namaka, she is now home attending school.

The federal government has decided to end all flour rationing effective September 1st. In making the announcement it was stated that Canada has surpassed her world grain commitments for the 1945-46 crop year, and in view of crop prospects and the transportation situation it appeared Canada would be able to continue to make a maximum contribution to world food requirements.

CHANCELLOR

By Mrs. J. M. W.

Mr. and Mrs. Nel Purdy of Alberta Beach, visited Mr. G. M. Purdy for a few days.

Mr. and Mrs. Al Esterbrooke of Calgary were week end visitors of Mr. and Mrs. Andy Hansen.

Mr. and Mrs. Jenn Vanghoy of Calgary are in Chancellor looking after their farming interests.

Bobby Hobbs left for Calgary to attend school.

Miss Francis Gregory left to attend Sacred Heart Convent in Calgary.

Mr. and Mrs. N. I. Hansen were dinner guests of Mr. and Mrs. Chris Melsen on Saturday evening.

Mrs. E. H. Young and Julie visited Edward in the Holy Cross Hospital on Monday. Ed is progressing favourably.

John Toogood is spending part of his vacation at the Charles Christensen farm.

Arthur Toogood of Unionville, Ontario is visiting Mr. and Mrs. Chas. Reifstenn.

FARMING NEWS

Produced by the Alberta Department of Agriculture

FALL RYE AND WEEDS

On his return from a recent inspection trip, H. J. Mather, Supervisor of Soil Conservation and Weed Control, remarked on the increased number of fields in fall rye this year — fields that had been seeded for the definite purpose of weed control. Sow thistle, Canada thistle, wild oats, tartary buckwheat and quack grass; none of these can compete successfully with a healthy stand of rye. By spreading information on this subject and supplying seed of fall rye for demonstration plots, the Field Crops Branch during the past two years has done much to acquaint farmers with the value of fall rye in the fight against weeds.

Where heavy infestations of perennial weeds are present, Mr. Mather advises summerfallow until the last week in August followed by the seeding of fall rye. This practice is par-

ticularly useful in the control of quack grass, since the rye is difficult to establish unless the grass has first been weakened by cultivation. If wild oats, wild mustard, or tartary buckwheat is the problem, rye can be seeded into the stubble of a previous crop and will control these weeds almost entirely.

Those who have summerfallow on which perennial weeds have persisted, will find the seeding of fall rye within the next two weeks an excellent way to kill off the weeds during the coming season. On farms where perennials are widespread, and extensive summerfallow is planned for next year, some consideration might be given to sowing part of the proposed fallow to rye this fall so that the remainder of the land can be thoroughly cultivated.

Fall rye can be grown anywhere in Alberta and is one of our most reliable over-winter crops. For satisfactory results in weed control however, it should not be pastured either in fall or spring.

APPLICATIONS EXCEED ACCOMMODATION

The Schools of Agriculture at Olds and Vermilion will be filled to capacity this fall. Applications are far in excess of accommodation. The Alberta Department of Agriculture advises that for the next school term starting on October 22nd, 550 applications have been received and more are arriving daily. The total accommodation of the schools is 400.

In view of this excess, all applications have been reviewed by a committee. Priority of acceptance is being given to older applicants and to ex-service men with the required farm experience. The younger applicants, especially those at the minimum age of 17 years, have been advised that their applications will have to be held over for a year and will be considered for the 1947-48 term.

LIVESTOCK MEN PREPARE FOR "ROYAL"

Representatives of Breed Associations met in the Parliament Buildings, Edmonton, on August 14th, to discuss selection of animals for the Royal Agricultural Winter Fair to be held at Toronto, November 12th to 20th.

Reports received at the meeting indicated that a sufficient number of exhibits could be obtained for seven carloads of live stock, comprising two carloads of beef cattle, two carloads of horses, one carload of dairy cattle, one carload of sheep and one carload of swine. Transportation and care of these animals were discussed fully.

Breeders having live stock which they consider suitable for this show, should notify the secretary of their Breed Association, or one of the selection officials appointed by the Association.

MASTITIS PREVENTION

Mastitis or "Garget", the worst enemy of dairymen, causes a tremendous loss by decreased milk production, poor quality milk and loss of high producing cows. This disease, says D. H. McCallum, Dairy Commissioner, is caused by bacteria which start a local infection in one or more quarters of the delicate mammary glands. These bacteria enter the udder through the teat openings. Every care should be taken to prevent injury to the udder since many cases of Mastitis are preceded by some injury to the udder or the teat.

If dairymen realized that most cases of Mastitis can be spread from one cow to another in the hands of the milker, from teat cups of the milking machine, or by other means of direct or indirect contact, much could be done to reduce the number of cases of mastitis in the herd.

THANK YOU

for waiting for delivery of your

NEW GENERAL MOTORS CAR

We are doing our best to see that you get your new car as quickly as possible

We want to thank every one of our customers — and every prospective customer as well — for the friendly patience with which you are awaiting your new General Motors car, whether it be a Chevrolet, Pontiac, Oldsmobile, Buick or Cadillac.

That patience will be more than rewarded when we hand you the keys to one of these great new General Motors cars, for here, in our judgment are automobiles ahead of their time — far and away the best in each of their respective classes.

We know how difficult it is to wait even a day for a car of General Motors exceptionally fine quality; but we believe you will understand that we and General Motors are as eager to deliver cars as purchasers are to obtain them. Unfortunately, the cars produced so far this year are far fewer than we and the factory had counted on. General Motors headquarters at Oshawa sums up the situation thus:

"Even though our rate of production normally exceeds that of any other manufacturer, we have been able to build, up to August 1, only a small percentage of the number of cars we built up to that date in 1941. Our own production, like that of the industry in general, is still far below normal, because of frequent shortages of essential materials and parts. Strike after strike at the plants of our suppliers has seriously impeded our progress toward full production, and the cumulative effect severely hampers both manufacturing and assembly."

While production is restricted, so — in proportion — are shipments of cars to us. As production increases, we are assured of getting our proportionate share of the total number of cars from the factory. But we want you to know that as quickly as these cars are received, we will speed deliveries to our customers.

We thank you, again, for your understanding and patience — confident that when your turn comes to enjoy the brilliant new standards achieved by the new General Motors cars, you will be thankful you waited.

GM-1468

Remember — Our CAR SERVICE is your best CAR-SAVER. Keep your present car in good condition until you get delivery of your new General Motors car, by bringing it to us for skilled service now and at regular intervals.

Local News Items

Congratulations to Hugh Harries who has been awarded an \$800 Scholarship to Toronto University. He is specializing in Agriculture Economics. He is the son of Mrs. Harries, Calgary and the late T. B. Harries who was Veterinary Surgeon C.P.R. Farm Strathmore.

Miss Edith Hughes of Calgary was week end guest of Mrs. T. B. Hughes and Miss Gladys Hughes recently.

Mr. and Mrs. J. G. Porteous have had as their guest for the past week Mrs. A. S. Duclos of Edmonton.

Mrs. Wm. Wilkinson had the misfortune to fall and break her arm on Monday of this week, necessitating a trip to hospital for treatment.

Mr. and Mrs. Len Roberts have as their guests for this week Mrs. Roberts' brother and his wife, Mr. and Mrs. S. A. Norris of Toronto. They will be leaving on Friday after visiting just over a week.

Adding New Room to Strathmore School

Because of the very large number of pupils being enrolled in Grade 1, it has been found necessary to bring in an outside school in which some of the pupils of Grade II will be accommodated. Miss Jean Garrett has been appointed supervisor of this school.

John Morrison who suffered severe injuries when a fire broke out in the home of his uncle Sandy Smith last spring—and who has been a patient in the Belcher Hospital since was able to return to Strathmore last week.

The Woman's Auxiliary of United Church met last Thursday in the Memorial Room, a good attendance being present. Mrs. North presided, and satisfactory reports were read by the Secretary Mrs. Willson and the Treasurer Mrs. Thompson. An interesting talk was given by Miss West in which she stressed the value of human kindness. Mrs. Garrett, Mrs. McMurray, Mrs. Willson and Mrs. Thompson were appointed a committee to make purchases of furniture for the manse. The Bazaar date was set for the first Saturday in December. Mrs. Andy and Charlie Scott invited the Aid to meet at Mrs. A. Scott's home for the October meeting.

The Alberta Weekly Newspaper Convention will be held in Lethbridge October 4, 5 and 6.

Mr. and Mrs. Lounsbury are very busy putting their home in order. What with the lack of so many materials it is a slow job.

Among the Strathmore guests present at the Chamberlain-Vickery wedding were Mr. and Mrs. T. S. Hughes, Miss Gladys Hughes, S. H. Crowther, Mrs. T. E. Wright, Mrs. Van Tighem, Messrs. Leonard and Jack Van Tighem, Mr. Chamberlain Sr., Mr. and Mrs. Tommy Chamberlain and Mrs. Moore, Mr. and Mrs. Piersen and Mrs. H. Hill, former Strathmore residents, now of Calgary were also present.

Jimmy Swanson is around town again after having been laid up some week and a half. We hope he'll stay up this time.

WEDDING ANNOUNCEMENT

The marriage of Dale Mason Belts, son of Mr. and Mrs. Belts of Strathmore and Miss Shirley Beaver, daughter of Mr. and Mrs. C. V. Beaver of Murray, Utah will take place Thursday, September 19th in Murray, Utah.

Have you got your new Ration Book yet?

Mr. "Jimmy" Brown went to Calgary Sunday to bring home his wife and new baby daughter.

Mrs. Love is visiting her daughter at Mrs. Polka home this week.

Sam Slater is feeling the weather these days . . . he has been suffering from a touch of lumbago.

Chester Trench recently took on a job with the Provincial Institute at Oliver, ten miles north of Edmonton, where he is a medical orderly. This is somewhat similar work to that which he did while with the Air Force.

Mrs. Norman Jones has been moved to hospital for a few days to build herself up after a long period in bed.

Mayor Hughes and C. H. Patrick left Wednesday by plane for Edmonton where they will interview the Utilities Commission and other parties, re questions in connection with securing a water system for Strathmore.

Mrs. Jim Harwood returned home last week end after an extended trip during which she visited her mother in St. Paul, and her daughter in Ottawa.

Unreserved Auction Sale

FORM EXPLORER'S GROUP

Strathmore now has an Explorer's Group, with 14 members enrolled. The group is in conjunction with the United Church, but any boy or girl between the ages of nine and twelve may enroll.

Explorers are children who are searching for God's world and who will be led to believe in the things that are right according to God's teaching.

The following officers were elected for a three month term: Chief Explorer, Frankie Henderson; Deputy Chief Explorer, Donna Anderson; Loc Keeper, Shirley Wicks; and Guard, Isla Scott.

The group meets on Wednesday night at 4:30 p.m. in the Memorial Room of the United Church. Miss Grace Trench is leader of the group.

Work is being done this week towards opening the intake channel at the pump house for the winter months. The lake was drained a short time ago, and has been left drying to help out. It is still extremely wet however, and the channelling is hard going.

October 14 has been proclaimed as Thanksgiving Day in Canada for this year.

Miss Gladys Hutchings had as her guests over the week end, her parents, Mr. and Mrs. T. Hutchings of Edmonton, and her sister Glenna. Miss Glenna will be staying the week with Miss Hutchings.

We are sorry to report that Bob Sidam recently suffered a fractured leg, and is now under treatment. We hope it will come out right in the weeks to come.

NOTICE

Under the provisions of The Noxious Weeds Act notice is hereby given to all residents of the M. D. of Bow Valley No. 40 to cut all weeds growing upon road-allowances adjoining their lands. This Council has decided that this municipality will make no attempt to clear snow from roads where weeds have not been cut. Please co-operate for the common good. Spur your neighbor to do his bit by cutting weeds on his one half of the road.

M. D. of Bow Valley No. 40,
W. E. Thompson,
Secretary-Treasurer.
